MMF is Your Key Management Headquarters

Help customers keep keys and other valuables safe and organized in our durable, dependable STEELMASTER® Key Cabinets. As the largest North American Manufacturer and Distributor of Key Management Products, count on MMF for the largest assortment of Key Cabinets, Configurations and Accessories to meet all of your Key Management needs.

Each key cabinet comes with the standard lock specified; however, additional locks can be added to specific cabinets to meet your customers' security needs. To order a specific lock, add the corresponding letter shown below before the last two digits of the item number. For example, item number 201901003 becomes 2019010M03 if you would like the lock master-keyed.

STEELMASTER®

Lock Options Include:

| Lock Type	Features	Benefit
Disc-Tumbler Key Lock	Each lock has a unique key code and key	Considered difficult to "pick". Durable design without springs.
Dual-Control Lock (Add "D" to Item No.)	Can be keyed-alike or differently	Requires two keys to open
Combination Lock (Add "C" to Item No.)	Access via combination code and reset as needed	No keys required- no lost or misplaced keys to locate
Master-Keyed Lock (Add "M" to Item No.)	One key opens multiple locks	Only authorized personnel have access to specific lock
Keyed-Alike Lock (Add "KA" to Item No.)	Locks have the same key	Multiple locks accessed with a universal key
Simplex® Lock	Push button lock by engaging all 5 buttons individually or together in a pre-set order	No keys to manage. Combinations can be changed in seconds without removing lock from the door.

All made to order products ship in 7 business days.

Need Replacement Keys?

Find the key code on the back of your MMF key or on the face of the lock.

Key Code

STEELMASTER®
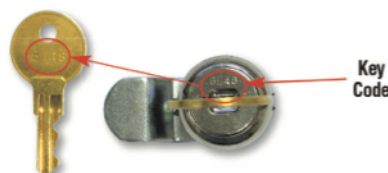

A. Uni-Tag® Key Cabinets

Keep track of your "loaner" keys for security and tracking

- Perfect for offices, facilities management, and auto rentals
- Door-mounted disc-tumbler lock with two keys
- Predrilled holes and mounting hardware included

How they work:

1. Attach keys to numbered key tags and store in cabinet.
2. When a key is loaned, attach an "Out Key" control tag recording key number, recipient, and date.
3. Place in loaned key slot until the key is returned.
4. Alphabetical and numerical lock location charts for tracking.
5. Key tags, "Out Key" tags and location charts included.

STEELMASTER®

Maximum Security Key Cabinets 🇺🇸
Constructed of heavy-gauge steel with dual-user controls

- 88-key capacity
- Steel retention lip and concealed, full-length, wide knuckle piano hinge provides extra protection against tampering
- Door closes into cabinet body and locks flush to reinforced edge for additional pry deterrence
- Dedicated space inside cabinet offers storage for two rows of key envelopes
- Internal mounting system prevents removal from wall unless unlocked

3 Lock Options:

A. Advanced Self-Powered Lock

- Maximum-security, self-powered KABA® Auditcon® 2, Model 252 digital lock eliminates the need for cords or batteries
- Dual-custody mode prevents single use access by requiring two users to provide a valid code
- Supervisor/subordinate mode allows access by a subordinate only after being enabled by a supervisor combination
- Lock can be programmed with up to 20 unique, 8-digit codes

A. Item No.	UPC Code	Color	Dimensions (W x H x D)	Shpg. Wt. (lbs.)
201SP8801	078541176812	Gray	11" x 18" x 4"	25.0

KABA® and Auditcon® are registered trademarks of KABA Mas LLC

A

B. Dual-Control Electronic Combination Locks

- Two programmable electronic locks; contents cannot be removed unless two combinations are entered
- Up to 8-digit combination code per lock
- Audible alarm when incorrect code is entered 4 times
